

International Festival
**Partner Presence
Application Form**

The International Festival has expanded its vision to include “creating community.” We have been reaching out to community organizations and programs who might share our vision. We want to offer the opportunity to create greater public awareness of your efforts and to request that you offer an activity to engage people at the Festival and/or facilitate the functioning of the Festival. You will be acknowledged and thanked from the stage. We hope that these partnerships will provide an on-going impact beyond the event itself.

Our Mission:

To promote the acceptance of our individual differences and foster positive relationships among cultures.

Our Vision: To create community by:

Building our awareness and appreciation of our community’s diverse cultures,
Understanding our privileges and prejudices that inhibit creating community,
Celebrating with pride the richness of our community’s varied cultural expressions.

1) How does your organization or program also seek to fulfill this mission/vision?

2) What activities (game, art, puzzle, language learning, etc.) can you provide to engage Festival attendees? We are looking for more than distribution of literature. If you wish, contact Jesse Nitzschke to develop a plan.

3) At what times can you commit volunteers from your organization to be present during the Festival (Friday, July 12 – 5-9 p.m.; Saturday, July 13 -11 a.m.-9 p.m.) for a minimum of three hours?

4) We are limited in the number of tables and chairs we can provide. Please indicate your approach:

Provide our own Request assistance if that is possible.

Name of Organization/Program _____
